<p>Approach #1</p> <p>1:1 Remote Control</p>	<p>Description: One proctor, one test taker. Test taker takes the eTest through remote control of proctor’s computer screen via web conferencing platform.</p> <p>Proctor’s device - registered for eTest*</p> <ul style="list-style-type: none"> ➤ Desktop, laptop, or tablet computer running Windows 10 (no Chromebook) ➤ Mac, if Apple Boot Camp is used to run Windows 10 ➤ Webcam or attached video camera ➤ Microphone and speakers ➤ Internet access with bandwidth of at least 2 megabits per second (Mbps) download speed ➤ Proctor’s device runs the web conferencing platform and the eTest software <p>Test taker’s devices*</p> <ul style="list-style-type: none"> ➤ Windows laptop, desktop, or tablet computer ➤ Mac desktop or laptop (no Chromebook) ➤ iPad with 9.7 inch screen or larger, iOS 11 or higher ➤ Webcam or attached video camera ➤ Microphone and speakers ➤ Internet access with bandwidth of at least 2 megabits per second (Mbps) download speed ➤ Test taker’s device accesses the web conferencing platform <p>Web conferencing platform</p> <ul style="list-style-type: none"> ➤ Any platform with screen sharing, unlimited time, and remote control
<p>Approach #2</p> <p>1:1 or Multiple Test Takers</p> <p>Windows 10 PCs</p>	<p>Description: One proctor with up to five test takers using breakout rooms via web conferencing platform. Test takers need a Windows 10 PC to access the eTest.</p> <p>Proctor’s devices*</p> <ul style="list-style-type: none"> ➤ Windows desktop, laptop, or tablet computer ➤ Mac, iPad, or Chromebook ➤ Webcam or attached video camera ➤ Microphone and speakers ➤ Internet access with bandwidth of at least 2 megabits per second (Mbps) download speed

	<p>Test taker’s devices - registered for eTest*</p> <ul style="list-style-type: none"> ➤ Windows 10 laptop, desktop, or tablet computer ➤ <u>Not</u> supported: Mac, iPad, and Chromebook ➤ Webcam or attached video camera ➤ Microphone and speakers ➤ Internet access with bandwidth of at least 2 megabits per second (Mbps) download speed ➤ Test Takers take the eTest on their device <p>Web conferencing platform</p> <ul style="list-style-type: none"> ➤ Any platform with screen sharing, unlimited time, plus breakout rooms if more than 1 test taker
<p>Approach #3</p> <p>1:1 or Multiple Test Takers with Chromebooks and iPads</p>	<p>Description: One proctor with up to 5 test takers using Chromebooks or iPads. This approach requires <u>two</u> devices for the test taker: a Chromebook or iPad to take the test and another device i.e. smartphone, for the proctor to monitor the test.</p> <p>Proctor’s devices*</p> <ul style="list-style-type: none"> ➤ Windows desktop, laptop, or tablet computer ➤ Mac, iPad, Chromebook ➤ Webcam or attached video camera ➤ Microphone and speakers ➤ Internet access with bandwidth of at least 2 megabits per second (Mbps) download speed <p>Test taker’s devices - test takers need <u>two</u> devices*</p> <ul style="list-style-type: none"> ➤ Chromebook using Kiosk Mode (registered for eTest) ➤ iPad using Guided Access Mode (registered for eTest) ➤ Webcam or attached video camera ➤ Microphone and speakers ➤ Internet access with bandwidth of at least 2 megabits per second (Mbps) download speed on Chromebook or iPad ➤ Test takers must use a smartphone or second device (not the same device for testing) as an external camera so the proctor can monitor the test <p>Web Conferencing Platform</p> <ul style="list-style-type: none"> ➤ Any platform with unlimited time and breakout rooms if more than 1 test-taker
<p>Approach #4</p> <p>1:1 Oral Responses</p>	<p>ICCB has not approved this approach for use in Illinois programs.</p>
