

SENATE JOINT RESOLUTION 41 TASKFORCE MEETING

Monday, September 9, 2019

Harold Washington College, Chicago, IL

Agenda

- Opening comments - SJR 41 Chief Sponsor, Senator Pat McGuire, Chair, Senate Higher Education Committee
- Perspectives on Remedial Ed - Brian Durham, ICCB
- Groundrules – Debra Bragg, Facilitator
- Design Thinking – Debra Bragg
- Remediation Data in Illinois' Higher Education System – Nathan Wilson, ICCB & Eric Lichtenberger, IBHE
- Small Group Discussion & Debrief – Debra Bragg
- Closing Comments and Next Steps – Stephanie Bernoteit, IBHE
- Public Comment

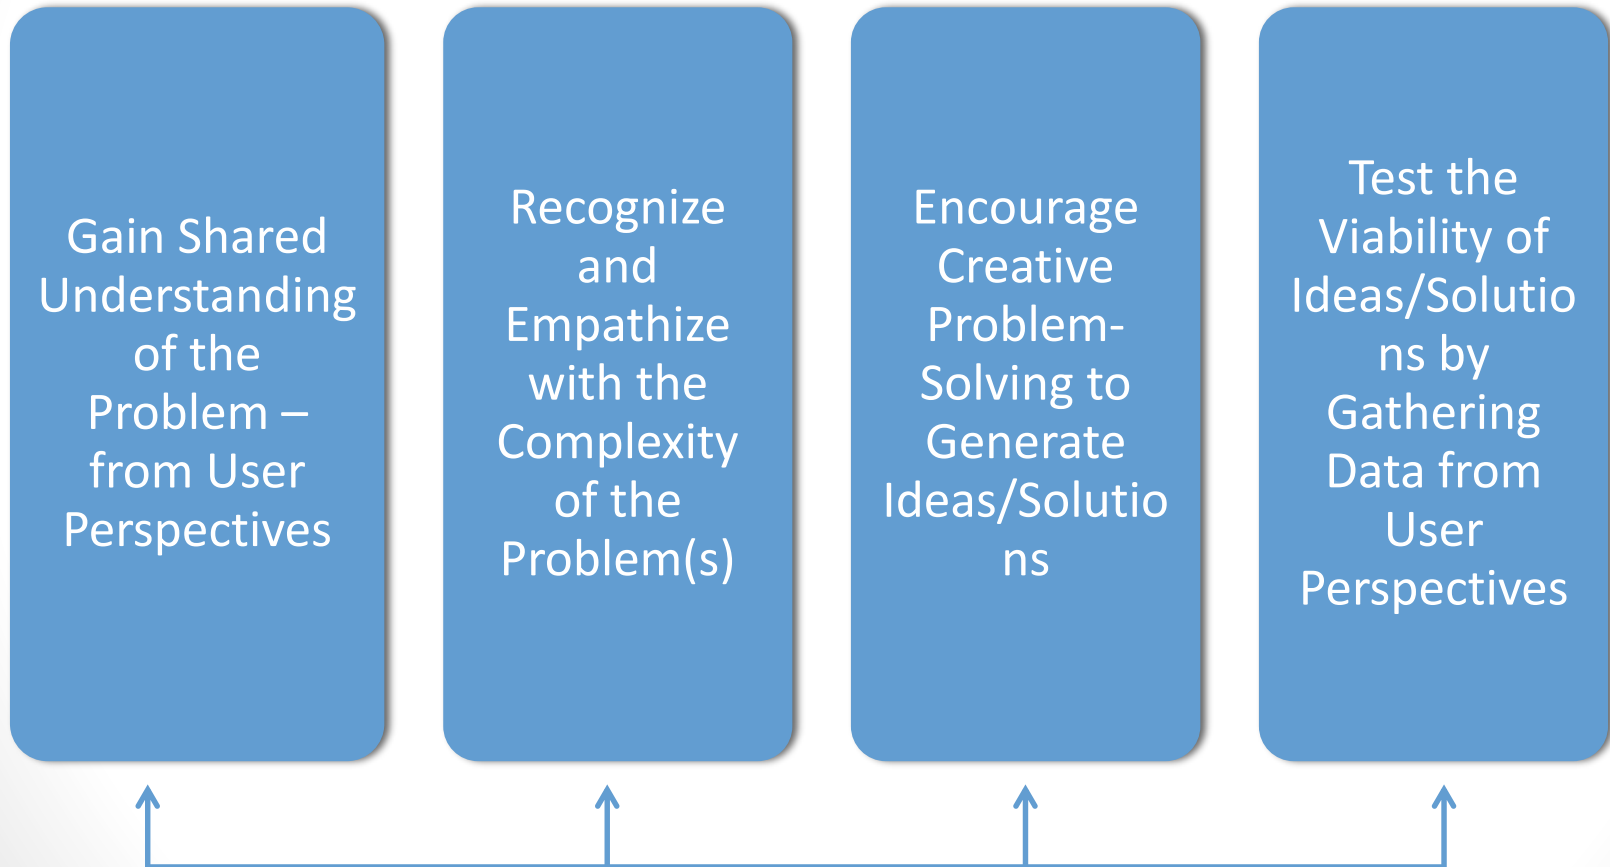

Groundrules

- Commitments that task force members make to each other to engage in productive dialogue and consensus-building to ensure our desired outcomes are attained.

Examples:

- Do homework to prepare for meetings
- Listen actively, ask questions, and share ideas openly
- Piggyback on others' ideas
- Acknowledge opportunities and challenges
- Agree and disagree respectfully
- ...
- What else?

Design Thinking

Questions Generated by Design Thinking

- How is remedial education working currently?
- What do users (students) think is working and not working as remedial education is delivered today?
- Which student populations are most vulnerable in the status quo?
- What circumstances support success for these student populations?
- What factors contribute to success for all students?
- What are implications for this task force?

Pair and Share Activity

- Turn to your neighbor and discuss ways you think design thinking can help the Task Force to attain its desired goals
- Brainstorm ideas for using design thinking, including opportunities and challenges
- Generate 2-3 ideas to share with the whole Task Force
- Give a copy of your notes to the facilitator so that all ideas are recorded, synthesized and shared with the whole Task Force

Small Group Activity

What We Know Now	What We Still Need to Know	What We Recommend the Task Force Do
