Illinois Community College Board

**SPRING 2019 LEGISLATIVE UPDATE
101st GENERAL ASSEMBLY**

The 100th General Assembly is scheduled for a “lame duck” session on January 7 and 8 prior to the inauguration of the 101st General Assembly on January 9. Matt Berry will provide a complete legislative report covering significant action taken during the “lame duck” session and an overview of early legislative activity filed by the newly seated legislature.

Illinois Community College Board

SPRING 2019 LEGISLATIVE UPDATE
101st GENERAL ASSEMBLY
(Actions as of January 17, 2019)

The 2019 spring legislative session has begun and the Illinois Community College Board has been reviewing legislation, responding to legislative inquiries and attending committee hearings, as well as meeting with legislators and interest groups. This agenda item highlights significant pieces of legislation that have implications for the Board or the community college system. A complete list of tracked bills is included at the end of this summary document.

Legislation Effecting the ICCB

HB 159 (Flowers) **State Contracts to Minority Owned Business**

The bill amends the Business Enterprise for Minorities, Females, and Persons with Disabilities Act provide that all State agencies shall increase their award of State contracts to minority owned businesses by 15%.

Legislation Effecting the Community College System

HB 27 (Thapedi) **Vocational Opportunity Act**

This bill creates two vocational academies (in Cook County and St. Clair County) as residential institutions. Provides that each academy shall be a State agency, funded by State appropriations, private contributions, and endowments. The academies will offer secondary coursework to individuals who have completed the 9th grade or its equivalent- focusing on students in the 10th-12th grades.

The Executive Director of the ICCB shall sit on the Board of Trustees as an ex officio non-voting member. It appears that the ICCB will provide no formal oversight. The sponsor has indicated that these academies will be "rebirths" of the Washburne Trade School and Jones Commercial High School, which provided instruction focused on the construction trades, information technology, and business-related services.

HB 153 (Flowers) **Corrections: Job Training and Education**

This bill requires that the Department of Corrections (IDOC) and Department of Juvenile Justice (IDJJ) to provide educational programs in each of its institutions and facilities for all committed persons. IDOC must allow into each institution and facility teachers who hold Professional Educator Licenses to teach committed persons. The Departments shall also provide vocational training in each institution and facility.

HB 191 (Ford) **Walk-Through Metal Detectors**

This bill creates the Safe Spaces in Public Places Act. Beginning with the 2020-2021 academic year, each institution of higher learning (including community college) must install and operate a walk-through metal detector at each public entrance of the institution and during any special event on any campus of the

institution if more than 1,000 people are present at the event. The bill includes similar requirements for county courthouses, secondary schools, and hospitals.

HB 217 (Flowers) Criminal History in College Applications

This bill creates the Criminal History in College Applications Act that prohibits a public university or community college for inquiring about or considering an applicant's criminal history information at any time during the admission decision-making process. After an individual has been admitted as a student, colleges and universities may, but are not required to, make inquiries about past criminal-related activity in order to make decisions about the student's participation in campus life and to be able to provide appropriate support services. An institution may include information on its admissions materials and website that informs prospective applicants that a criminal record may affect an individual's ability to obtain certain occupational licenses or types of employment or to participate in certain clinical or other educational requirements and may provide a contact for applicants or prospective applicants to ask questions and seek advice about any restrictions. The bill also allows institutions to continue using a multi-institution application, even if the application inquires about criminal history, but requires the public college to disregard the information for the admissions process.

HB 302 (McSweeney) Community College Vocational Scholarship

This bill requires the Illinois Student Assistance Commission to establish and administer an adult vocational community college scholarship program. Beginning with the 2020-2021 academic year, the Commission shall receive and consider applications for scholarships to community colleges for people over the age of 30 who have been unemployed and are actively searching for employment and who can identify the specific training certificate, credential, or associate degree that he or she is seeking to obtain. Applicants may re-apply for the scholarship if they can demonstrate continual progress toward the desired certificate, credential, or degree. The scholarships shall not exceed \$2,000 per recipient per academic year. The scholarship program is subject to appropriation.

SB 59 (Bertino-Tarrant) Dual Credit Course Fees

Per the legislation, institutions of higher education may not collect fees from a high school student enrolled in a dual credit course in excess of what the institution needs, per student, to administer a dual credit program. Any fees collected from the high school student may not be used for any purpose other than administering the dual credit program. This legislation is in response to a new fee of \$50 for dual credit through Joliet Junior College. The costs of dual credit vary widely with some community colleges offering courses for free to others charging fees or tuition.

SB 60 (Bertino-Tarrant) State Universities Retirement System – 3% Rule

The legislation requires an employer to make an additional employer contribution for a participant whose earnings for any academic year used to determine the final rate of earnings exceed the amount of his or her earnings with the same employer for the previous academic year by more than 6% (instead of 3%). The was decreased from 6% to 3% in 2018. Because of the rule, many community colleges face financial penalties for promoting employees to senior leadership positions or adding additional pay for performing extra duties if the employee is within five years of retirement.
