Asian American Employment Plan Report
Fiscal Year 2021

INTRODUCTION

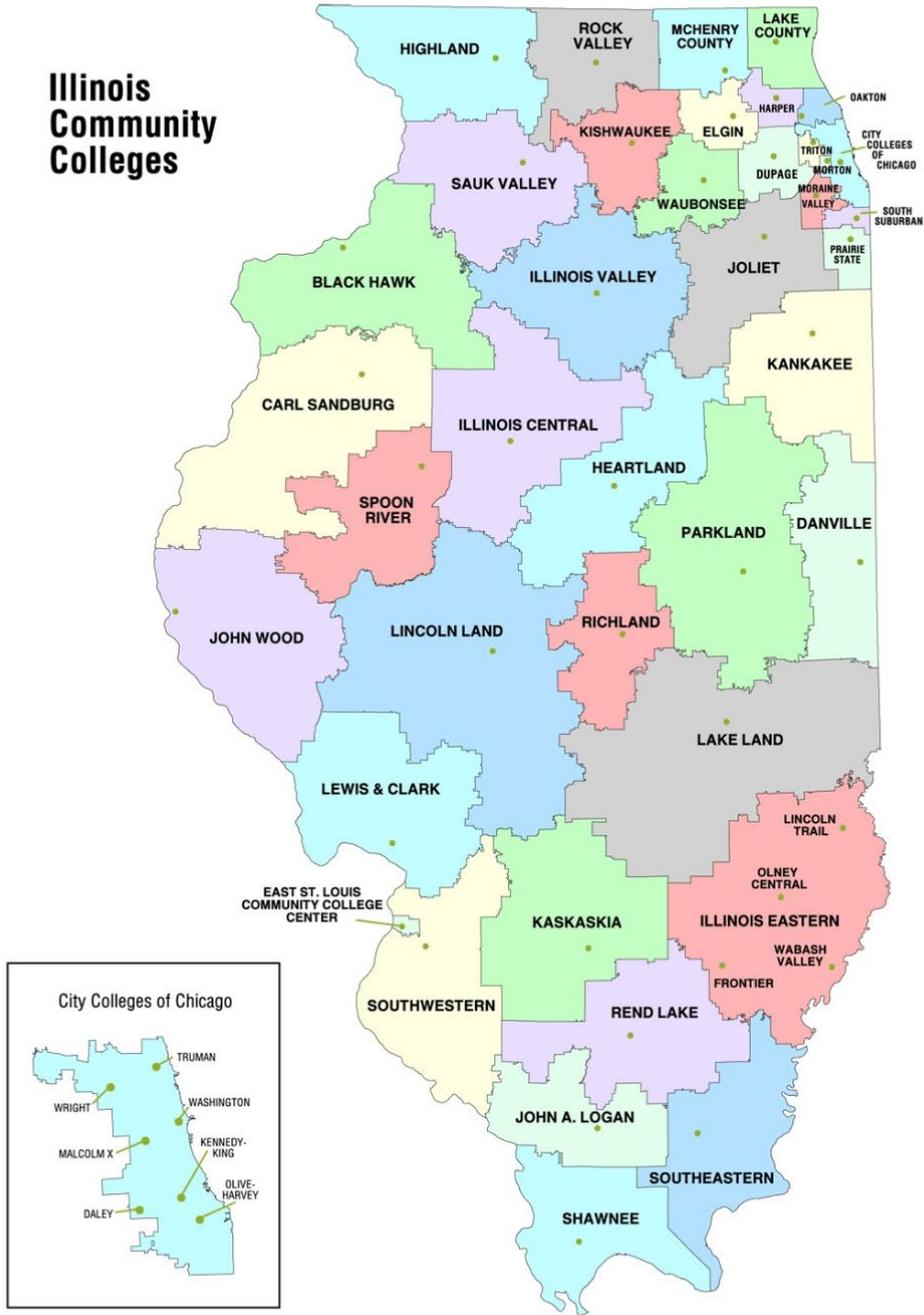

The enclosed materials contain fiscal year 2021 (July 1, 2020 through June 30, 2021) responses from Illinois' public Community College System to the *Asian American Employment Plan Survey* ([Public Act 097-0856](#)). The legislation requests that each community college provide an annual assessment of strategies and progress in the hiring and promotion of Asian American persons at supervisory, technical, professional and managerial levels.

Fiscal year 2021 is the tenth year that community colleges, public universities, and state agencies have been asked to furnish Asian American Employment Plans. The Illinois Community College System consists of 48 colleges that blanket the state and provide equal education, training, and employment opportunities to all individuals. A map of the System appears on the next page. College officials recognize that a diverse faculty, staff, and student body enriches and improves the educational environment for everyone. These reporting requirements allow colleges to provide additional information about their efforts to hire and promote individuals who are Asian American. The report compliments activities and initiatives that are described in the annual *Illinois Community College System Underrepresented Groups Report* which addresses legislative reporting requirements in the [Board of Higher Education Act](#) (Sec. 8. and Sec. 9.16). Underrepresented groups reporting aims to increase participation and achievement among students who are academically or financially at risk, including minorities, women, and individuals with disabilities, as well as first-generation students and low-income students. Other complementary initiatives are the *African American Employment Plan Survey* ([Public Act 096-1341](#)), the *Native American Employment Plan Survey* ([Public Act 101-0534](#)), the *Hispanic Employment Plan Survey*, and the *Bilingual Needs and Bilingual Pay Survey* ([Public Act 096-1286](#)). These surveys provide an annual assessment of initiatives and progress in hiring and promoting African Americans, Native Americans, and Hispanics at local community colleges. Recent editions of the *Underrepresented Groups Report* and the *African American, Asian American, Native American, and Hispanic Employment Plan Reports* are available on the [ICCB website](#).

The *Asian American Employment Plan Survey Report* begins with demographic information about the state of Illinois, and annual community college credit program enrollments, completions, and staffing. Then individual college responses to standardized surveys addressing components of the legislation are provided. These surveys were adapted from forms developed by the State of Illinois' Department of Central Management Services. The Illinois Board of Higher Education collects similar information for the public four-year universities.

DEMOGRAPHIC INFORMATION

This section of the report provides an overview of the race/ethnicity composition of the State of Illinois' population, students enrolled in community college credit programs, graduates, and college faculty and staff. Illinois census data are provided to offer an external reference point for reviewing Illinois Community College System information. Community college demographic data on credit students and completers are gathered from the colleges through the Annual Enrollment and Completion submissions (A1 and A2). Analyses about the race/ethnicity distribution of community college credit students for selected broad program areas (PCS) are included. Staffing data referenced in the following pages are from the Annual Faculty, Staff, and Salary submission (C3).

State of Illinois' Race/Ethnicity Distribution

State census data show that Illinois' population was 12.81 million in 2020 compared to 12.83 million in 2010, and 12.42 million in 2000 ([U.S. Census 2000 Illinois](#), [U.S. Census 2010](#), enter Illinois, and [2021 Index of Need](#) Table 1). These detailed Illinois census data indicate that the state's population grew 3.2 percent between 2000 and 2020. The state population, however, decreased 0.1 percent between 2010 and 2020. Illinois' 2020 census estimate shows that Whites/Caucasians remained the largest race/ethnicity group. However, minority populations were responsible for Illinois' overall population growth from 2000 to 2020, as the percent of Caucasians decreased from 70.9 percent to 61.4 percent of the population ([U.S. Census 2000 Illinois](#) and [2021 Index of Need](#) Table 1).

Minority populations were responsible for Illinois' overall population growth from 2000 to 2020.
--

The race/ethnicity data collection methodology changed for the 2000 census and continued in the 2020 census data. The 2020 census data showed that 8.9 percent of all Illinoisans identified themselves as two or more races. These individuals are included in the "Some Other Race**" column in [Table 1](#). The question on Hispanic ethnicity was asked independently from an individual's race beginning in 2000 and is reflected in the data in the table. These duplicated Hispanic population counts show substantial growth, from 1,530,262 in 2000 to 2,337,410 in 2020 ([U.S. Census 2000 Illinois](#) and [2021 Index of Need](#) Table 1).

Illinois' largest minority group in 2000 was African American and in 2020 was Hispanic. Compared to 2000, African American counts in 2020 decreased from 15.1 percent to 14.1 percent, whereas Asian American counts increased from 3.4 percent to 5.9 percent, Native American from 0.2 percent to 0.8 percent, and Hispanic from 12.3 percent to 18.2 percent.

Race/Ethnicity Distribution in Community College System Credit Programs

Overall in fiscal year 2021, minority students accounted for 46.7 percent of the individuals enrolled in credit coursework at Illinois community colleges whose ethnicity was known. Race/ethnicity classifications are aligned with U.S. Department of Education collection and reporting standards. Fiscal year 2021 data show that minority representation was similar to the prior year (fiscal year 2020 = 47.4 percent). Fiscal year 2021 results are above the five-year average (46.1 percent). Students identifying themselves as Hispanic students (now numbering 96,728) became the largest minority group in 2000 but became the second largest minority group in fiscal year 2012 behind African American students. In fiscal year 2013 through 2021, Hispanic students were again the largest minority group. African American students—47,608 in fiscal year 2021—constitute the second largest minority group in the latest data. Asian American students—21,235 in fiscal year 2021—constitute the third largest minority group enrolled in the Illinois Community College System. The fiscal year 2021 proportionate representation by Hispanic students was slightly lower in comparison to the prior year (24.9 percent in fiscal year 2021 versus 25.5 percent in fiscal year 2020). The fiscal year 2021 African American student proportional representation was lower by less than one percentage point in comparison to the prior year (12.2 percent in fiscal year 2021 versus 12.9 percent in fiscal year 2020). Over the longer term—over the past five years—a decrease in the Illinois Community College System’s minority enrollments was noted among students identifying themselves as Pacific Islander (-38.5 percent), African American (-34.0 percent), Native American (-24.6 percent), Nonresident Alien (-19.9 percent), Hispanic (-18.3 percent), Asian American (-17.7 percent), and Two or More Races (-0.7 percent).

Asian American students—21,235 in fiscal year 2021—constitute the third largest minority group enrolled in the Illinois Community College System.

Student race/ethnicity representation varies across broad program areas (PCS). **Table 2** contains information about the race/ethnicity distribution of Adult Education [Adult Basic Education (ABE) and Adult Secondary Education (ASE)] and English-as-a-Second Language (ESL) enrollments. Minority students accounted for over three-fourths (77.0 percent) of the individuals enrolled in community college Adult Education coursework. In fiscal year 2021, Hispanic students accounted for over fifty percent of Adult Education enrollments and African American students for nearly one-fifth of those enrollments (51.4 percent and 19.5 percent, respectively). Additionally, minority students accounted for about eight out of every ten (82.2 percent) individuals enrolled in community college ESL coursework during fiscal year 2021. Hispanic students accounted for

nearly three-fifths (59.6 percent) of the community college ESL students, followed by Asian American students (10.8 percent) and African American students (8.2 percent).

Table 3 provides the distribution of minority students enrolled in Transfer and Career and Technical Education (CTE) programs. During fiscal year 2021, minorities comprised over two-fifths (44.4 percent) of Transfer enrollees. An examination of each minority race/ethnicity group’s representation across the Transfer program area indicates that Hispanic students accounted for the largest minority group enrollments (22.7 percent), followed by African American students (11.1 percent), Asian American students (6.1 percent), students of Two or More Races (3.4 percent), Nonresident Alien students (0.9 percent), Native American students (0.2 percent), and Pacific Islander students (0.1 percent). **Table 3** also shows that over one-third of students enrolled in CTE programs were members of a minority group (38.2 percent). Hispanic students also had the highest representation among minorities in CTE programs and accounted for 19.5 percent of the population. African American students had the second largest CTE program enrollment (11.0 percent), followed by Asian American students (4.2 percent), students of Two or More Races (2.6 percent), Nonresident Alien students (0.5 percent), Native American students (0.3 percent), and Pacific Islander students (0.1 percent).

The following section of the report supplies information about the race/ethnicity characteristics of students who graduated in fiscal year 2021. It provides a point-in-time or cross-cutting count of the number of degrees and certificates awarded to minority students within the Illinois Community College System during fiscal year 2021.

Asian American Employment Plan Report
Fiscal Year 2021

Minority students accounted for 43.4 percent of Transfer graduates, compared to 37.2 percent of all CTE graduates.

Hispanic students accounted for the largest group of Transfer minority graduates (25.0 percent), followed by African American students (9.1 percent), Asian American students (4.8 percent), students of Two or More Races (3.1 percent), Nonresident Alien students (1.1 percent), Native American students (0.2 percent), and Pacific Islander students (0.1 percent). The fiscal year 2021 proportional representation of the Asian American Transfer graduates (4.8 percent) was lower by 0.1 percentage points from the prior year (4.9 percent). Hispanic students accounted for the largest minority group for completions in CTE programs (19.6 percent), followed by African American students (10.1 percent), Asian American students (4.1 percent), students of Two or More Races (2.5 percent), Nonresident Alien students (0.5 percent), Native American students (0.3 percent), and Pacific Islander students (0.1 percent). The fiscal year 2021 proportional representation of the Asian American CTE program graduates (4.1 percent) was higher by 0.3 percentage points from fiscal year 2020 (3.8 percent).

In fiscal year 2021, Asian American faculty and staff accounted for 3.8 percent of tenured faculty/officials and managers, 4.1 percent of non-tenured faculty, 3.7 percent of professional staff/protective service workers, 3.1 percent of office and clerical/paraprofessionals, and 1.3 percent of service maintenance employees. **Figure 1** shows the Asian American employee counts in comparison to the White employee counts at Illinois Community Colleges in fiscal year 2021.

Faculty, staff, administrators, and board members at each community college accept the responsibility of meeting the needs and demands of the area community and their constituents. To thrive in the competitive higher education marketplace, community colleges have adopted a strong customer and community focus. Hence, the colleges continue striving to reflect the communities in which they are located.

An important component of the Asian American Employment Plan Report is identifying the Community College District Utilization Rate for Asian American employees. It was calculated as each college’s percentage of overall Asian American district population (16 years and older) minus the percentage of Asian American faculty and staff [tenured faculty/officials and managers (including executive and administrative positions); non-tenured faculty (including adjunct faculty); professional staff/protective service workers; office and clerical/ paraprofessionals; and service maintenance employment classifications] at each community college. A negative utilization rate demonstrates underrepresentation of Asian Americans in the workforce. Please see Table 6, Table 7, and Table 8 for detailed information.

The following pages contain the responses from the Illinois Community College System to the Asian American Employment Plan Survey ([Public Act 097-0856](#)). College responses appear in alphabetical order by college name. Information was collected on Asian American employees, funded positions, and Asian American employment initiatives at Illinois community colleges.

Many strategies have been put in place to raise achievement levels of all students. Examples of those initiatives include closer curriculum alignment work with our district high schools, multiple measures for placement, developmental education reform, creation of a first-year seminar course, and a new case management academic advising approach. With our new case management advising model (implemented in FY18) all new degree-seeking students are assigned an advisor upon entry who stays with that student until completion. The advisor helps the student to develop a semester-by-semester academic plan to meet his/her intended goals and serves as a point person to guide the student through his/her Harper experience. The College provides programs such as Summer Launch, One Million Degrees and the Women's Program. All are targeted at assisting populations of traditionally underrepresented students including low-income, first-generation and minority students. Each program provides additional supports and financial assistance to students participating in those programs. The College has emergency funds available to all students, as well as Hawks Care resources -- free food, personal hygiene supplies, school supplies, lunch/grocery/gas cards and other resources. Lastly, the College provides Asian students the opportunity to engage through our Indian Pakistani Student Club.

Does your institution conduct internal studies, have surveys for monitoring the recruitment of Asian

Work of the previously convened presidential task force on diversity and inclusion identified employment gaps for minority populations as related to the district population and student population. An objective to increase multicultural equity among diverse student and employee populations was advanced as part of an EDI Scorecard.

The College established an Assistant to the President for Equity, Diversity, and Inclusion position to further support efforts. This position will work collaboratively with HR staff to identify, monitor, and report on data related to closing this employment gap. A new applicant tracking system has allowed for more robust racial/ethnic data collection on employment applicants.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

At the highest level, work is being done to establish Equity, Diversity and Inclusion as institutional priorities and expansion of the College strategic plan (vision/mission/values statements) to explicitly include EDI was proposed. More specifically, we can focus on broadly posting job opportunities to reach diverse populations, including potential Asian American candidates. As appropriate, this could include advertising positions on diversity-oriented online job boards and websites. This also includes sharing job opportunities with diverse community members. Applicant review team members receive training related to fair and equitable hiring practices. Additional in depth bias-related training could be incorporated to help ensure that applicants are advancing proportionally through the recruitment process. Strategies for retention can be further developed.

Outcomes of the presidential task force on diversity and inclusion include the establishment of an EDI scorecard, with a goal to identify and reduce barriers to access and equity for traditionally underrepresented populations. This ties closely with ongoing work of the College's strategic enrollment management plan.

The College continues to create and participate in trainings, programs, and events that support diversity and inclusion. These experiences are being collected and organized across campus through the ALL-INclusive initiative.

The Global Student Union continues to help students understand and appreciate the importance of cultural diversity and global perspectives, as well as to encourage international students to get involved in campus life, and to give all students a chance to connect with the world and learn from each other's culture and perspectives.

Does your institution conduct internal studies, have surveys for monitoring the recruitment of Asian American employees, and have committees that monitor employment or departure of employees from the institution?

The college conducted a cultural climate survey in SP 2019 to gather information from staff, faculty and students. This survey was used to develop the current DEI plan in which goals and objectives were formulated to address feedback from the survey. The college periodically conducts the PACE survey, most recently in SP2020 and SP2021, utilizing the diversity subscale questionnaires during the past two surveys. The College routinely runs metric reports which monitor applicant yield, provides demographic information on hiring/retention and helps shape initiatives and recruitment strategies.

To ensure a fair and equitable hiring process for all candidates, HR staff, as well as administrators and other hiring personnel receive "search committee" training prior to serving in a hiring (or recommendations) capacity. In this training, the College's commitment statements towards affirmative action, EEO, diversity and inclusion are discussed.

As a hiring manager is preparing for a search, they consult with the HR Employment Team who will assist in establishing the recruitment and/or advertising plan. The college has implemented very consistent evaluation tools such as a screening matrix and train the hiring personnel how to appropriately use the tools. If there are instances where the integrity of the search is compromised in any manner the search may be extended, candidate may be reviewed by a member of the HR team, or the search may be canceled.

The importance of the College's DEI plan is stressed to all managers and is to be utilized when conducting any search.

Additionally, exit interviews are conducted with HR and the exiting employee. Attrition is analyzed collectively and individually and shared with key leaders.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

Outreach: Provide tailored outreach and recruitment activities to matriculate students and assist in their appropriate transition to college through the following:

1. Targeted recruitment and outreach activities throughout District 525 that include high schools, CBO's, and churches that serve minority populations inclusive of Asian students. In FY 2020-2021, due to the pandemic, OMSA was unable to conduct robust outreach and/or recruitment activities in the external community. In lieu of traditional outreach, OMSA conducted special population calling campaigns to bolster higher matriculant yields of students of color. These activities were conducted through October of 2020 in an effort to bolster late start Fall 2020 enrollment. The calling campaigns conducted resulted in the

following: (N=1272) minority students being called, texted and emailed. Among those (N=72) Asians were contacted and (N=23) Asian students enrolled at JJC.

2. Collaborate with Workforce Education, the English and World Language Department, the Student Advising Center, and other Student Development offices in meeting the needs of English Language Learners, undocumented, and underrepresented students who may be Asian as they transition to college. We do not have a targeted plan or strategy for the recruitment of Asian-American students but provide outreach, cultural programming and academic support to this population through the efforts of the Office of Multicultural Student Affairs.

3. OMSA conducted the following virtual Asian Heritage Month Events in 2021
Asian American & Pacific Islander Presentation 05/10/2021 (N=3) Participants;
Meditation 101: Roots & Practices in Asian Traditions with SWP & OMSA 05/12/2021 (N=14) Participants;
Asian Heritage Trivia 05/14/2021 (N=5) Participants.

However, Joliet Junior College does have an Office for Multicultural Access and Success provides transformational services, experiences, advocacy and support for historically underserved students to encourage academic success, personal growth, collegiate persistence and graduation.

Additionally the College has begun to utilize the Illinois Job Network and Higher Ed Jobs. These resources are widely used by Illinois job seekers and help to promote diversity searches

The college continues to utilize PeopleAdmin, a computer generated software program designed for Higher Education that encourages self-identification of all applicants regarding race. Additionally, the College has an HR Recruiting Specialist, whose primary focus is to seek efficiencies in the employment process, including but not limited to seeking to enhance diversity. The Specialist reviews the minority representation of applicant pools and carefully reviews the credentials of all the Asian applicants who meet the minimum requirements of the position for which the prospective employee applied. All such applicants are specifically defined as minority applicant for the viewing of all hiring committee members prior to the interview process. Qualified and reviewed minority applicants are all referred to hiring committee chairs by the Recruiting Specialist when appropriate.

The HR Recruiting Specialist is responsible for reviewing all open postings. She then assesses all minority applicants who meet minimum requirements of the position and makes recommendations for interview to the HR Director and or hiring committee chairs when appropriate.

As noted above, surveys for monitoring the recruitment and retaining of Asian employees exists through software utilized by the HR Recruiting Specialist. The College does not currently engage campus-wide committees that study or monitor the recruitment or retaining of such employees. However, the College is currently undergoing executive level discussions on re-structuring that involve the creation of a high-level position that will lead in Diversity and Inclusion initiatives across student and employee frameworks on campus. Enhancing the recruitment and retainment process of minority employees would certainly be a key function of any such new position that the College considers with the expectation that additional resources to do so would be made available.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

The composition of the College district is represented by approximately 1% Asian-American. As such, the College continues to maintain an interest in increasing representation of Asian-American employees throughout all divisions of our workforce in order to, at minimum, meet those comparison benchmarks within our workforce. Currently, the College's workforce consists of representative percentages that either meet or exceed at these levels.

Most of the College's job openings are posted via PeopleAdmin; this links all of our postings to Indeed, Glassdoor, Simplyhired and Zip Recruiter as well as diversifying the College brand and job openings across multiple social media platforms so that we not only casting a regional, bi-state net, but in some cases we are also casting a nationwide net for positions on campus. Our Human Resource Recruiting Specialist notifies the hiring committee chairperson of all qualified applicants and further details any applicants who self-identify as Asian American. These applicants' applications are carefully considered by the search committee. Inclusion is valued among campus faculty, staff and students as evidenced by the results of the recent survey on diversity and inclusion which indicates that over 94% of respondents describe the L&C campus as very inclusive. The Human Resources department is actively engaged in seeking best practices from other institutions that utilize other recruiting platforms and software programs to attract more Asian-American candidates.

The College is actively considering the addition of an elevated position within the leadership structure that focuses on the recruitment and retainment of minority employees on both the academic and support side of the institution. In addition to concentrating on enhancing the current structure focused on D&I initiatives, the College will ideally be considering the diversification of budget and resources to supplement in this area.

In addition, the College utilized grant funding to start a program call ENRICH that provides essential skills training for individuals to learn job-ready skills and provide workforce training. We have had great success in training hard to place individuals, such as formerly incarcerated individuals with skills both hard and soft to be able to obtain employment and stay gainfully employed in well paying positions with area employers.
