

<b>College</b>	<b>Respondent</b>	<b>Comments</b>
Black Hawk	Dick Vallandingham	Black Hawk does not have an athletic fee; there is a \$2/hr auxiliary fee that covers a variety of things including "admission to home athletic games"
Carl Sandburg	Steve Norton	The athletic programs at CSC are funded 100% by student activity fees.
Chicago City Colleges	Cynthia Armster	Same for the City Colleges (referring to Sauk Valley) as it relates to an Activity Fee.
DuPage	Kay Nielsen	College of DuPage earmarks student activity funds for Student Activities, the Arts Center and Athletics. Folks from the areas work together to achieve a compromise as to the annual allocatons.
Elgin	Carol Cowles	Elgin Community College does not charge an Athletic fee or Student Activity fee. Transfers from the Ed fund support both functions. Teams also fundraise, and there is a Booster Club. The ECC Foundation also supports Athletics.
Harper	Joan Kindle	At Harper, 31% of the Student Activity Fee goes to support athletics.
Heartland	Kathleen Collins	Heartland is in year 1 of its new athletic program. For AY 2006 - 2007, HCC charged a \$3 Student Life fee per credit hour along with tuition. For 2007 - 2008 this fee will increase to \$5 per credit hour. The revenue generated from the Student Life fees go into our auxiliary enterprise fund which supports athlectics, student activities, the Child Cevelopment living and Learning Center (CDLLC) . We are beginning to enter our budget planning period and have yet to determine the percentage of student life fees which, will go towards the support of athletics. However, athletics will, more than likely, get the larger share of the "pie."
Highland	Jill Janssen	At Highland, we don't have an athletic fee or student activity fee. Our bookstore net income supports athletics and other student activities.
Illinois Central	John Avendano	We do not have either an athletic fee or a student activity fee. Our athletic programs are supported through revenues from our auxiliary funds which are typically profits from our bookstore or cafeteria. The Bookstore carries the majority of the burden to support both student activities and athletics. Also, each athletic is expected to raise whatever funds they can to support their respective teams.
Illinois Valley	Bob Marshall	At Illinois Valley we do not have athletic fees per se, however an allocation of student activity fees is provided to help support athletics. Typically this is in the \$50 - \$60K per year range, far short of what is needed to operate athletics. As a result our Ed Fund supports athletics to the tune of about \$250,000 per year, an issue which is white-hot around here right now.
John Wood	John Letts	We charge a \$7.00 per credit hour "institutional services fee." Four of those dollars go to Athletics.
Kankakee	Michael Townsend	At KCC we charge a \$6.00 student activity fee of which is divided between athletics and student activities
Lake Land	Tina Stovall	At Lake Land, a portion of our student activity fee is earmarked for athletics.
Lincoln Land	Faye Fullerton	Athletics is currently funded through operational budget lines plus team fund-raising activities. No student activity fees go to intercollegiate athletics.
McHenry	Normah Salleh-Barone	The athletics' budget is built in as part of the college's budget. A small percentage of the student activity fee is also earmarked for additional support for the athletics.
Moraine Valley	Nancy Bentley	We have a separate budget for athletics, not under the student activities fee.

Morton	Sandy Saldaña	At Morton, we do not charge separate athletic fees.
Parkland	Linda Moore	We're similar at Parkland (to IVCC). The athletics budget gets around \$70K from student fees and much more from the education fund.
Prairie State	Mary Reaves	We charge \$9.00 student services fee per credit hour. \$2.50 goes to athletics with .25 supporting our academic co-curricular involvement area of our athletic programming. As a member of the Illinois Skyway Conference, students who may not be on a sports team have the opportunity to compete in college bowl, jazz competition, writers competition and art competition. The twenty-five cents support this involvement.
Rock Valley	Amy Diaz	Ditto at RVC (same as IVCC). We use student activity fee dollars to partially fund athletics which runs in the red every year.
Sauk Valley	Joan Kerber	We do not have an athletic fee. Athletics is covered by our student activities fee and bookstore transfers.
Shawnee	Richard Massie	We do not have a athletic fee.
SWIC	Ted Lewis	We have no athletic fees at Southwestern
Truman	Brenda Weddington	We do not have an athletic program at Truman.
