

ICCCSSO List Serve Request: from South Suburban College						
South Suburban College is in the process of launching an online application. Vice President of Student Development, Songie Adebisi asked what does the staff at other colleges do when a prospective student selects illegal alien. The current SSC paper application does not have that choice. The Community Education programs do not care, but how does the credit side handle this information. (Date: October 2, 2013)
